

one stop shop for all
polymers

D. R. INTERNATIONAL PVT. LTD
(Importer & Dealer of Plastic Raw Materials)

CORPORATE INTRO

From a nascent beginning, 40 years ago, as a small proprietorship firm with a capital of merely 30000, to a successful company, with a turnover of more than ₹600 cr, the journey of D.R. International has been dotted with trail blazing success.

Year 1976 was the year of path-breaking revolution in the plastic raw materials industry. It was the year of inception of a proprietorship firm - D.R. Plastics, now known as D.R. International. Founded by **Mr. Bhanwar Lal Jain**, D.R. International is a leading trading house dealing in various kinds of plastic raw material with wide range of Speciality, Engineering and Commodity polymers. Carrying this legacy forward with their diligent dynamism are **Mr. Mayur Jain** (Managing Director) & **Mr. Rohit Jain** (Executive Director) who have set new benchmarks in the industry.

Guided by strong values and principles of quality, reliability, commitment, on time deliveries and innovative solutions, D.R. International has successfully carved a niche for itself in the industry. Our highly skilled staff, strong infrastructure, efficient material planning, eminent suppliers and excellent logistics management, are factors that make us reliable supplier of all ranges of plastic raw materials.

With a goal to achieve complete customer satisfaction, we make efforts to understand the needs and requirements of our customers so that we can serve them in the best possible way. Being the industry leader, we determine the prices in the market and serve every industry with our highly diversified range of polymers.

VISION & VALUES

“Need Plastic!
Think of us and that's
our aspiration”

We strive for continuous upgradation, innovation and finding new ways to serve our clients like no other has done till date. Next is to mix performance & cost cutting ensuring best pricing for our customers. We aim to keep all customers & suppliers together intact, forever!

OUR STRENGTH & OPERATIONS

"Our 40 years experience makes us pioneers in our field"

- **One Stop Shop**

All materials under one roof with more than 500 different products and its grades catering to all segments of the industry.

- **Just in Time (JIT)**

With our own vehicles and strong Logistics team and multiple locations we provide just in time delivery.

- **Technical Support**

Strong technical backup is provided by our highly qualified and experienced marketing team with support of our principle companies.

- **Market Intelligence**

We keep our customers well posted with price trend & material availability.

- **Our association since inception:**

With our Supplier, Customers and Employees.

- **Our Sources**

We are the dealers, Importers and *Del Credre Agent* of Fortune 500 Companies like Reliance Industries, E.I.DuPont, Styrolution, Samsung SDI, Bhansali Eng Polymer Ltd, LG Chemicals and A Schulman Plastics.

- **Our Scale**

We honour retail & wholesale orders from 1kg - 500 Tonnes & even more in one deal.

- **Our Presence**

Widely established offices and warehouse across India with storage capacity of more then 8000 MT and many more to come...

- **Cost Effective**

Our Volumes and Direct sourcing from suppliers, eliminates unnecessary cost which benefits everyone immensely.

- **Credit Facility**

We Extend credit facilities to all our privileged customers.

INNOVATION & SOLUTIONS

- **Replaced Metal to Plastics :**

Advantage: Light Weight, Cost Reduction, UV Stability, Appearance, Fuel Efficiency.

Product & Applications: Dupont Zytel was used in Air intake manifold in Four Wheelers & Head Covers, Metal Plating ABS for garnishing purpose.

ASA has replace metal in Radiator Grill, Mirror Housing etc.

Rynite was used in Brake Booster in four wheeler.

- **Replaced SAN Glassfilled with ABS Glassfilled:**

Advantage: Better Air-Flow balancing & Fan balancing, Price benefit.

Product & Applications: Air Conditioner Fan Housing.

- **Replacement of Conventional Material to Polymers:**

Advantage: Aesthetic Value, Durability, Price reduction & Shelf life.

Product & Applications: Disposable & Household etc.

- **Non Painting Resin Luminous that enables manufacturing of Plastic Part without Spray Painting:**

Advantage: Improve the appearance of painting process not required for component.

Product & Application: Appliances, Washing machine, Mixer & Juicer.

- **Replacement of glass bulbs to plastic housing:**

Advantage: Good Shelf life as it doesn't break so easily, High transmission, Safe to handle even when it is glowing.

Product & Application: Diffuser Polycarbonate, LED Bulbs, Lights etc.

WE REPRESENT

Distributors and DCA of :

Wide Range of Our Products

POLYPROPYLENE (PP, PPCP)
Strength: High hinge, easy processability excellent chemical resistance
Application: Packaging, Household, Containers, Electronics, Automotive, Pipe, Pharma etc.

POLYETHYLENE (HDPE, LDPE, LLDPE)
Strength: Low cost, glass transition temperature, excellent chemical resistance
Application: Packaging & films, consumer goods, pipes etc.

PVC SUSPENSION GRADE
Strength: Low cost, high stiffness, easy to process
Application: Irrigation, Pipes & profile, cables, footwear etc.

ETHYLENE VINYL ACETATE (EVA)
Strength: High flexibility, better tear resistance
Application: Footwear, compounds etc.

POLYSTYRENE (HIPS)
STRENGTH: Good process ability, low cost, dimensional stability, good flexibility
Application: Packaging, Footwear, Stationary, Appliance etc.

POLYSTYRENE (GPPS)
STRENGTH: Good process ability, dimensional stability, transparency
Application: Packaging, Footwear, Stationary, Appliance, Recording Media, Imitation Jewelry etc.

ACRYLONITRILE BUTADIENE STYRENE (ABS)
Strength: High Gloss, high rigidity, high impact resistance, easy processability, high dimensional stability
Application: Packaging, Electronics, Automotive, Household, Helmets etc.

STYRENE ACRYLONITRILE (SAN)
Strength: High Gloss, high rigidity, high impact resistance, easy processability, high dimensional stability
Application: Packaging, Stationary, Appliances, Household, Jars etc.

POLY CARBONATE (PC)
Strength: Thermal resistance, optical clarity, impact strength
Application: Automotive, water jar, sheets, LED Light etc.

POLY METHYL METHACRYLATE ACRYLIC (PMMA)
Strength: Outstanding transparency, surface hardness
Application: Auto light, sheets, lens & optical, LED & LCD, imitation jewellery etc.

POLY ACETAL (POM)
Strength: High mechanical properties, high wear resistance
Application: All automobile applications, zipper, clasps, writing instruments, home appliances etc.

COMMODITY POLYMERS

ENGINEERING POLYMERS

ENGINEERING POLYMERS

POLY AMIDE 66 (Nylon 66)
Strength: High impact, self lubricating, good chemical and heat resistance, well dimensional stability
Application: Electrical application, automobile application etc.

POLY AMIDE 6 (Nylon 6)
Strength: Excellent fuel and oil resistance, good flow, broad range of temperature
Application: Electrical application, automobile application etc.

POLY BUTYLENE TEREPHTHALATE (PBT)
Strength: High resistance, high temperature, good chemical
Application: Electrical & electronics, lighting, bezel, connectors etc.

POLY URITHINE (PU)
Strength: Wear and Friction
Application: Footwear, Mobiles, Casting Application.

ALLOYS AND OTHER COMPOUND MATERIALS
 PC+ABS, ASA+PBT, PC+PBT, PC+PET, PMMA+ABS, SAN Glassfilled, ABS Glassfilled, PP Glassfilled, PP Talcfilled, Nylon 6, Nylon 66 Glassfilled & PC Diffuser
Applications: Mobile Cover, Tractor, Iron & Cooler, AC, Fan housing, LED Bulbs, Wheel Cover, Brand Logos

ACRYLATE STYRENE ACRYLONITRILE (ASA)
Strength: High weatherability, superior chemical stability, excellent glossiness and moldability
Application: Automobile exterior parts, Outdoor advertising, exterior door, road sign, surfing board etc.

TRANSPARENT ABS
Strength: Clarity, High impact
Application: RO Body, Appliances, Electronics.

HYTREL
Strength: High end thermoplastic elastomer, exceptional toughness, resilience
Application: Profiles, tubing, automotive boots and covers etc.

SURLYN
Strength: High Impact
Application: Golf Balls, Packaging etc.

SBS AND SBC
Strength: Excellent, flexibility, high elongation
Application: Hangers, impact modifiers, compounds, disposable, flexible packaging etc.

MASTERBATCHES
Strength: Antiblock, Slip, PPA
Application: Blown Film, Injection Molding, Packaging, BOBP etc.

SPECIALTY POLYMERS

Offering a highly diversified product range

INDUSTRIES WE CATER & APPLICATION AREAS

D.R. International caters to almost every industry and hence facilitates the production of following few products:

Households

- Crockery • Bowls • Soap Dispensers
- Tooth Brush, Holders, Tray, Iron.

Telecommunications

- Mobile Phones • Accessories
- Adaptors • Chargers

Fashion

- Imitation Jewellery • Beads
- Artificial Diamonds • Footwear • Buttons

Writing Instruments

- Pens • Stationery

Electronics & Electrical

- Switches • Relays • Circuit Breakers
- LED Lights & Bulbs

Home Appliances

- JMG • TV Cabinets • Cooler • Geyser
- Washing Machines • Refrigerator • RO Water Purifier

Healthcare

- Packaging • Measuring Devices • Dialyzer
- Syringes • Nebulizer

Hand Tools

- Covers & Bodies of Machines • Marble Cutters
- Screwdrivers • Pliers

Automotive

- Lighting • Mirrors & Housing • Door Handles
- Exterior Parts • Under Bonnet Applications
- Dashboard

Textile

- Bobbins • Pickers

Furniture

- Caster Wheels • Chair Frames & Handles

Packaging

- Disposable • Sheets • Films

Gift & Novelties

- Table Showpieces • Clock Covers
- Paper Weights

Computer Peripherals

- Mouse • Key Boards • Printer Parts
- Monitor • Compact Disc

Lens & Optics

- Lenses • Spectacle Frames

Food & Beverage

- Baby Feeding Bottles • Films • Containers

Agriculture

- Pipe • Sprinklers etc.

Energy & Power

- Solar Lights • Batteries • Energy Meter & Covers

Building & Construction

- Pipe • Sanitary Fitting • Tiles • Profiles • Nets

Events & Celebrations

maintain cheerful harmony

In 2015, Mr BL Jain renounces all his luxury and business empire to become a Jain Monk.

Our Services
Touch almost every corner across

India and virtually every end market.
